Compressing a project folder as a zip file

Follow the steps in Figure 1 to copy the project folder path.

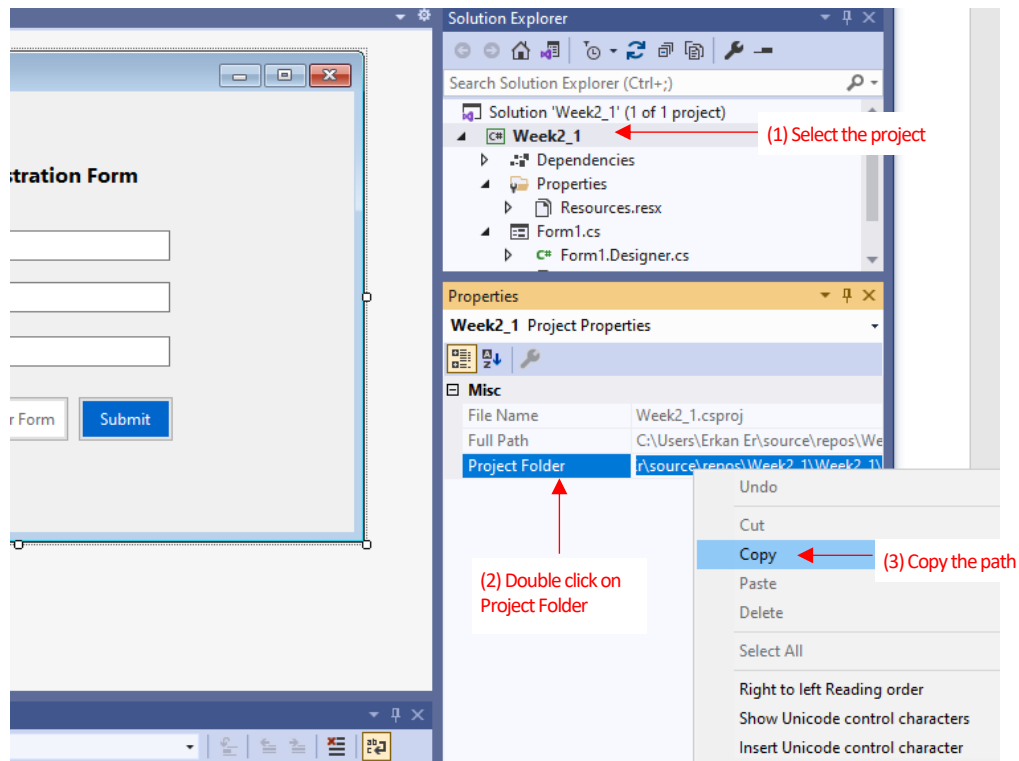

Figure 1. Copying the project folder path.

Then, open the project path in File Explorer as shown in Figure 2.

Figure 2. Opening the project folder.

Next, using the available compression software in your computer, compress all project files as shown in Figure 3.

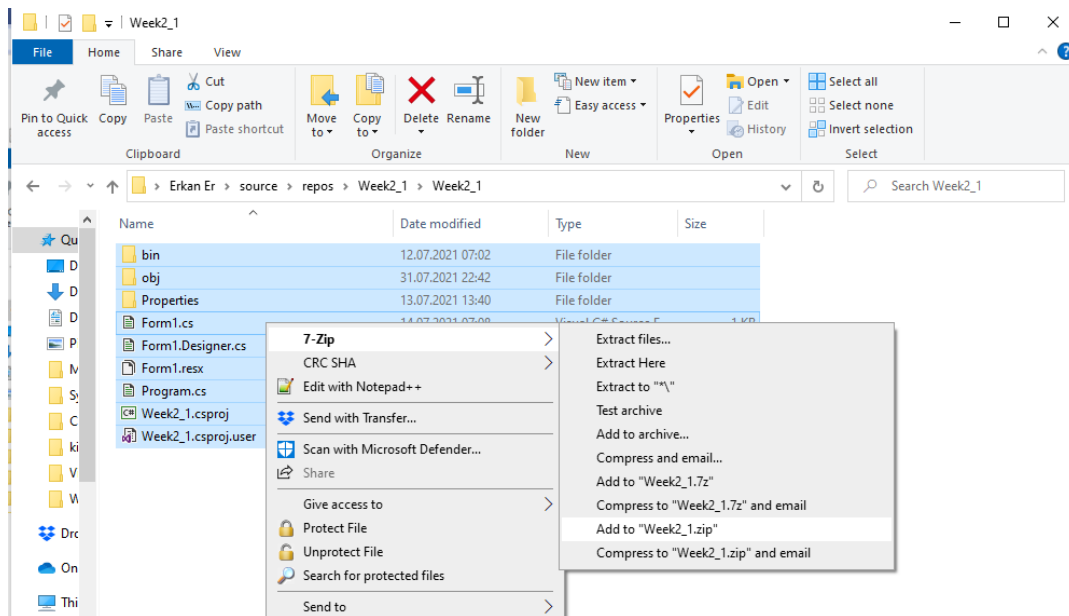

Figure 3. Selecting and converting all project files to a zip file.
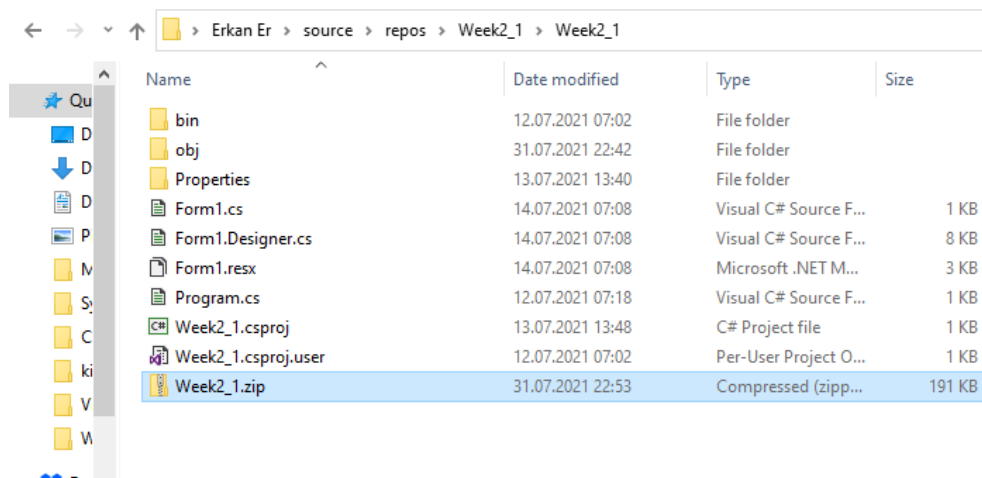

The zip file should be listed in the same folder.

Figure 4. Zip project file.

Upload the zip file to OdtuClass.
